The \$120,000 Street Sense Stakes will be run at a one-turn mile for two-year-olds on the main track at Churchill Downs on Sunday. There is expected rain in Louisville this weekend so there might be a wet track to contest.

#1 SPRAWL ran into a fast group at Saratoga in his career debut then he came back there and was up the track when stretched out to a one-turn mile. He showed up at Keeneland last out and broke his maiden going two turns in modest time and really hasn't shown much at this point of his career.

#2 TAP IT TO WIN showed high speed in his well-bet career debut going six furlongs on the turf at Woodbine back in July. He came back at Saratoga and won going six furlongs in fast time on the dirt but fell apart in his stakes and two-turn debut last out in the Breeders' Futurity (G1) at Keeneland when he showed good speed but refused to settle. He has terrific speed and the one-turn should be to his advantage today. Son of Tapit is out of a multiple stakes winner by Medaglia d'Oro.

#3 WHEAT KING was a sharp debut winner going five furlongs at Ellis Park then came back at Keeneland in an extended seven furlongs and missed by a neck after contesting the pace every step of the way. He moves up to stakes company for Mark Casse who seems to have a barnful of good two-year-olds. Son of Tiznow is out of a dam by Bernardini so the mile should not be a problem.

#4 SOUTH BEND rallied from far back to get up by a nose to break his maiden first time out here going six furlongs. He came back there last out and beat #3 WHEAT KING in a long sprint at Keeneland as the odds-on favorite. He will be far back today but he has shown he can pass horses with a rush.

#5 MR. TIP won going away by over three lengths in his well-bet career debut on the synthetic track at Arlington Park despite breaking poorly from post one. He has to find three more furlongs today while moving up in class. Son of distance turf horse Mr Speaker is out of a dam by Candy Ride that won her only start on a sloppy track.

#6 SILVER PROSPECTOR ran indifferently in his first three career starts on the turf. It made sense since his sire, Declaration of War, is bred for turf but Steve Asmussen put

him on dirt at Keeneland last out and he pulled away to a two-length win after breaking out at the start. His sire was a terrific third in the Breeders' Cup Classic (G1) on the dirt and his dam won twice on wet tracks. With the speed that he showed in his maiden win, Ricardo Santana, Jr. will get him involved right from the start.

#7 FIGHTING SEABEE broke his maiden by two lengths on the turf at Ellis Park going two turns then he shipped out to Saratoga and won a grade three stakes race on the turf there. Last out at Keeneland in another grade three turf stakes race, he dropped back during the race then came on again in the stretch. Ken McPeck wins 16% going from turf to dirt.

#8 AMERICAN BUTTERFLY did nothing in his career debut at Saratoga but then woke up there next time at 22/1 when Lasix was added and he won going away. He tired in the Hopeful Stakes (G1) next time out then tired again in the Breeders' Futurity (G1) going two turns at Keeneland. Son of American Pharoah will probably go to the front again today and try to hang on with Luis Saez.

#9 AXIOMO broke his maiden first time out at 45/1 in a turf sprint here back in June then won his dirt debut at Indiana Downs going six furlongs. He was outrun in a stakes race at Ellis Park going seven furlongs then raced in turf sprints his last two starts. Son of Tapiture gets the blinkers taken off for the first time.

#10 SHOTSKI did nothing in his career debut in a turf sprint at Kentucky Downs but woke up in his dirt debut last out with Lasix and blinkers added. He pulled away to a four-length win in good time and now stretches out to a mile for young trainer Jeremiah O'Dwyer. Son of Blame is bred to go long on the dirt.

#11 CARPE VICTORIAN broke his maiden second time out at Indiana Downs for Tom Amoss who ships a lot of horses there. He came back there to beat allowance foes after racing closer to the pace and now stretches out in distance with some experience under his belt. Amoss wins 19% stretching out and the last 70 of them show a flat-bet profit. By young sire Carpe Diem, he is out of a stakes-winning dam by Malibu Moon that has produced four winners from four other foals to race including a stakes winner.
